WEEKLY COMMERCIAL TIMES

Bankers' Gazette and Railway Monitor:

A POLITICAL, LITERARY, AND GENERAL NEWSPAPER.

"Were all nations to follow the liberal system of free exportation and free importation, the different States into which a great continent was divided would so far resemble the different provinces of a great Empire. As among the different provinces of a great Empire the freedom of the inland trade appears, both from reason and experience, not only the best palliative of a dearth, but the most effectual preventative of a famine, so would the freedom of the exportation and importation trade be among the different States into which a great continent was divided."—ADAM SMITH.
